NATIONAL DISTRIBUTION via Rough Trade, Systematic, Constant Cause, Testube, & Toxic Shock.

AD RATES: \$30 full page, \$20 half page, \$15 quarter page. Special band rates also. Circulation= 1000.

Next issue due sometime in August. Will include Minor Threat, Roach Motel and more. Also Crank and Penis Hymsers rule! OK?

Oh by the way, in case some of you haven't noticed this is a fanzine which means we take contributions from fans who sign their own names to their work. If you don't agree with something someone says don't take it out on the whole zine. Everyone is entitled to their own opinion. If you don't agree with anything here stop bitching and start your own zine.

FUCK FAULTY PRODUCTS!!!!!!!!!!!!!!

CAUTION TO ANY OTHER ZINES OR BANDS: Watch out if you decide to let Faulty distribute any of your records or zines. They have owed me money for about 6 months now. After 2 letters and around 4 phone calls I have gotten little attention (outside of getting the good ole runaround). I also happen to know of at least 2 other bands who have run into the same problem as well. If you are a band or a fanzine editor reading this and have experienced a similar problem let us know about it (with as many details as possible) and perhaps for our next issue we can do a report so that others may benefit from our experiences. Lets stop the bad guys from burning more people! At the same time lets point out who the good guys are. In my dealings I can strongly recommend Rough Trade as the best and most reliable. Systematic also gets an OK from me as they have paid up. On a smaller level Constant Cause also gets the Sublapse seal of approval. Most distributors are honest but I think it's about time we all got together and started spreading the word about the deadbeats out there.
