Another year, another issue. A bit more variety this time out... not as much hardcore. The big news of course is our first release on the Sublapse label which is the Morbid Opera 6 song EP called "Jesus Loves You So Give Us Your Money". Obviously we're rather fond of it so I urge you all to buy, buy, buy it. If you can't find it at your local shop have them get in touch with Rough Trade or Dutch East India and demand it! Or you can order direct through us for \$2.50 postpaid. We hope to release more stuff in the future- we'll keep you informed as things happen. Florida keeps getting better- more people getting involved. I saw lots of new faces at the Circle Jerks show. If you see someone new try to go up to them and tell them about what's going on. Encourage them to attend the local shows. It's great to see 500 people at the Circle Jerks but it gets a little discouraging when the Gay Cowboys in Bondage play down the street 2 nights later to a crowd of 100. Also I want to encourage out of state bands to consider playing Florida when you're on tour. Please write us and we'll be glad to help set something up for you. There's lots of enthusiastic people in the South Florida area so please give us a shot.

PLUG: For GREAT Cuban food at cheap prices Sublapse recommends Angelo's Cafeteria at 1629 Michigan Ave. on Miami Beach. Check it out!

WANTED: I'm looking for the following items. Will pay cash (state price) or trade. Please write if you have anything. Thanks- Barry (Boz) c/o Sublapse
